

Eglu Classic Connection Kit Instructions

What you have received:

Run Panel Connection
041.1050

Run Panel Classic Link x2
041.1051

Run Clip x25
810.0013

Cable Tie x6
800.0048

Washer x4
800.0035

Bolt x4
800.0003

Attach the Classic Link Panels to the Eglu Classic using the 4 bolts and washers. Screwing them on will also curve the panels fitting them to the Eglu Classic Front Face.

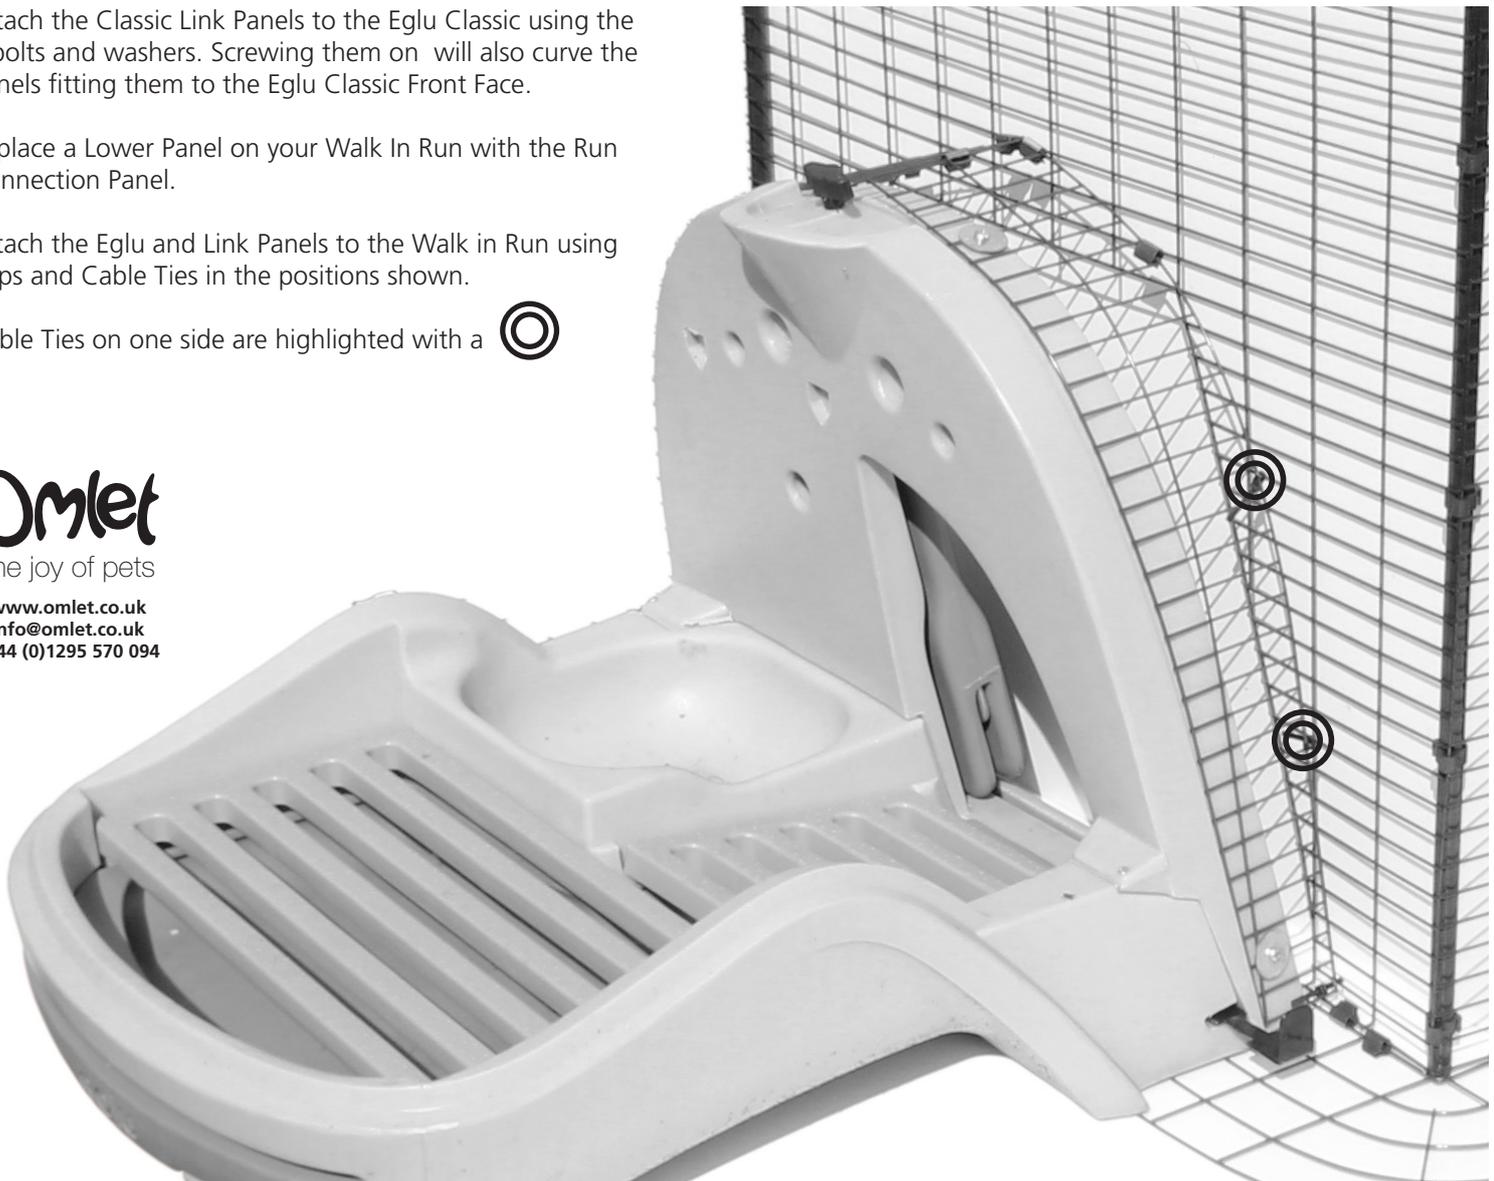

Replace a Lower Panel on your Walk In Run with the Run Connection Panel.

Attach the Eglu and Link Panels to the Walk in Run using Clips and Cable Ties in the positions shown.

Cable Ties on one side are highlighted with a
