Thank you for buying an Omlet Outdoor Pet Run Porch. It is designed to fit perfectly to the Outdoor Pet Run and will make it easier for you to enter into and exit the Outdoor Pet Run without your pets nipping out with you!

Please remember that both the Omlet Outdoor Pet Run and its Porch are designed for adult animals. Once set up we recommend spending a couple of hours observing your pets in the run before you leave them there. This is to ensure they are safe and secure in the run and the size of the holes in the mesh is appropriate for them.

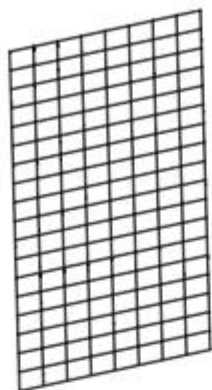

Omlet Outdoor Pet Run Porch is not a toy. You must follow the assembly instructions to make sure the product works as intended. Any other use beyond what is specified shall be considered as improper use. Any direct commercial or industrial use is also deemed to be improper. Omlet is not liable for any damage resulting from such use. The user alone bears the risk.

DOs

Make sure your pets always have access to fresh food and water.

Make sure the size of the holes in the mesh are appropriate for your pets.

Make sure the Outdoor Pet Run and Porch doors are always closed and locked when you're absent, so no predators can get in.

Supervise your children when they are using the Outdoor Pet Run and Porch.

Regularly check all round to make sure your Pet Run and Porch are secure.

Check the clips regularly. If any have been damaged or weakened, they should be replaced to keep the run secure. The run is designed to be used outdoors for years to come. However, we recommend that you check your run regularly for signs of corrosion especially if you live somewhere with extreme weather conditions or close to the sea. Corrosion will occur if the coating has been scratched or scraped for example. If you do see some, remove any loose rust and touch up with a weather resistant paint.

DON'Ts

Do not climb on the Outdoor Pet Run or its Porch. This is not only dangerous but can lead to the Run and Porch being damaged.

Do not set up the Outdoor Pet Run nor the Porch on uneven ground as this will make the Run less secure. It can also cause a tripping hazard.

Do not keep your pets in the Porch area. The Porch is designed as a security measure, not as a separate area to keep your pets. If you need to divide your existing Outdoor Pet Run into separate areas, please visit Omlet website and search for Outdoor Pet Run Partition.

Please Reuse,
Compost,
Recycle.
